

## **SCHOOL-COMMUNITY RELATIONS - Series 1000**

### **1002 Public Participation in the School District**

#### **1002.1 Participation in Community Life**

It shall be the policy of the Board of Education to encourage personnel of the school district to participate in community activities.

The Board of Education specifically prohibits exertion of pressure on staff members to affiliate with organizations or to participate in activities that are unacceptable to the staff member as an individual. Freedom of choice shall be protected but the Board does assume that participation in any activity will be in keeping with the overall goals and objectives of our educational program.
