1002 Public Participation in the School District

1002.6A School-Related Activities

Participants at all school-related activities shall adhere to all standards for behavior outlined in other board policies and district codes of conduct.

When school-related or school-sponsored activities are held off school grounds, such events involving student participation must be held at establishments that allow separation of the student activity from individuals using alcohol. No participants in such activities may use alcohol during the event. Reasonable structural segregation of the school-related event must be maintained from another area of the establishment in which a bar is operating.

This policy shall not be interpreted to prohibit school-related activities off campus, such as team dinners or fundraising events, etc., at restaurants, golf courses, bowling alleys or other such establishments, merely because alcohol is served at the establishment. However, reasonable separation of such activity from students must be preserved. This policy shall not be interpreted to restrict adult-only events, not involving students, that may be related to school activities.

Where possible, off-campus activities shall be held within the boundaries of the school district. (When school groups attend out of town events--such as FFA Convention and other conferences, etc.--the activity sponsor and chaperones will use this policy to guide choice of restaurants.)
