405 Licensed Employee - General

405.14 Evaluation

Evaluation of licensed employees on their skills, abilities, and competence shall be an ongoing process supervised by the building principals and conducted by approved evaluators. The goal of the formal evaluation of licensed employees, other than administrators, but including extracurricular employees, shall be to improve the education program, to maintain licensed employees who meet or exceed the board's standards of performance, to clarify the licensed employee's role, to ascertain the areas in need of improvement, to clarify the immediate priorities of the board, and to develop a working relationship between the administrators and other employees.

The formal evaluation criteria shall be in writing and approved by the board. The formal evaluation shall provide an opportunity for the evaluator and the licensed employee to discuss the past year's performance and the future areas of growth. The formal evaluation shall be completed by the evaluator, signed by the licensed employee and filed in the licensed employee's personnel file. This policy supports, and does not preclude, the ongoing informal evaluation of the licensed employee's skills, abilities and competence.

It shall be the responsibility of the superintendent to ensure licensed employees are evaluated.

The requirements stated in the Master Contract between employees in that certified collective bargaining unit and the board regarding evaluation of such employees shall be followed.
