

EDUCATIONAL PROGRAM - Series 600

602 Programs of Instruction

602.11 Adult Education

The Board of Education of the district recognizes that the general objectives of high school and adult education programs are the same as those of other levels of education: preparing individuals for democratic citizenship, providing individuals with means for economic improvement and cultural development and enriching the personal lives of all who participate.

The physical facilities of the school district shall be made available for use in adult education when there is no conflict with regular school activities.

Recommendations for extension of adult education programs shall be made along prescribed lines of authority and shall be presented to the Board of Education and the superintendent of schools.
