

EDUCATIONAL PROGRAM - Series 600

605 Student Progress

605.1 Progress Reports to Students

The Board of Education supports the following objectives of student progress reporting:

1. To inform parents of the progress made by their children;
2. To give parents a better understanding of the work of the school;
3. To record for students their growth and achievement;
4. To help students evaluate their own growth and achievement;
5. To help students, parents and the school work together.

The superintendent of schools, with assistance from the administrative and teaching staffs, shall develop procedures for evaluating and reporting student progress to parents.

Parent-teacher conferences shall be scheduled at least twice each academic year in all schools of the district. Progress Reports will be issued at the close of each quarter or trimester. If parents so request, conferences may be arranged.
