

AUXILIARY SERVICES - Series 700

702 Transportation

702.12 Transportation Equipment

The school district shall purchase transportation vehicles which meet the requirements of the board and the State Department of Education. The purchase of such vehicles shall be in compliance with board policy.

School district student transportation vehicles shall be inspected by the State Department of Education. School district transportation vehicles, used to transport students, shall be routinely maintained.

It shall be the responsibility of the transportation supervisor to arrange for the inspection of the school district transportation vehicles requiring inspection and to develop a program for routine maintenance of school district vehicles.

The school will withhold the amount of money required by Iowa law on each school bus purchased until the vehicle passes the initial state inspection.
