Welcome Back!

Wow, what a school year we had last year. There are many that say we “survived” last year, but in my opinion, that is not the right word to describe what we did. I truly believe that we flourished, we succeeded, we accomplished so much, we went above and beyond, we showed resilience, and we made last school year a year to remember! Thank you to all of you who helped us navigate what would be considered the most difficult year ever in public education!

As we look at the upcoming school year, we have a lot to be excited about. We will have a new high school that, while not completely done, will be ready for students at the beginning of the school year. We will have a new Auditorium that will be ready by the end of October, and a completely renovated building that will serve as our new middle school by the middle of the school year. We plan to have a few open houses this fall and winter to let parents and community members see how awesome our new schools are. We will send more information out about these open houses as we set those dates.

We are also excited to return to what we hope will be a more normal school year. I think we all understand that things won't be completely back to what they used to be prior to the pandemic, but we believe that this upcoming school year will look more similar to what we've experienced prior to the pandemic. All we ask is for your continued support if any adaptations need to be made during the upcoming year.

I sincerely hope for you the very best in the 2021-22 school year. Our staff is ready to go and are eager for all of our students to be back in our classrooms. We also look forward to seeing parents and volunteers back in our buildings. We are excited to get the school year started and know that this will be our best year yet!

Sincerely,

Marty Jimmerson
Superintendent
